

DEPARTMENT OF SOCIAL SCIENCES

STREET THEATRE TRAINING

The Social Work Programme of the Department of Social Sciences organises annual Street theatre and Folk art training workshops for the MSW students. These trainings are part of the Value add on component for the MSW programme as it enables the students to learn to become better communicators and to be prepared to take forward effective and powerful social messages to the larger community. From 17 - 20 August 2016, Mr. Sathyamanickam of Maiyam, Madurai trained the I MSW students and they performed for the college audience on the issue of Women and their bondages.
