### REPORT ON GUEST LECTURE

*Date: 26.03.2024*

*Time: 10:30 a.m.*

*Venue: J.X. Miller Auditorium, Lady Doak College, Madurai*

*Resource Person: Mrs. Kamini Giridharan (Alumnae of LDC)*

*Topic: Agricultural Entrepreneurial Journey*

On March 26, 2024, the Oikonomia Club, Department of Economics, hosted a guest lecture featuring Mrs. Kamini Giridharan at the J.X. Miller Auditorium. Mrs. Giridharan, an accomplished entrepreneur from Sivakasi, is renowned for her work in organic farming and ecological conservation. Her lecture, attended by approximately 250 students, provided a detailed account of her transition from conventional farming to a commitment to organic practices.

Mrs. Giridharan shared her personal journey and deep connection with nature. She described her initial use of purchased organic manures and how this led her to produce her own. Her farm now includes a variety of fruit trees, such as oranges and mangoes, as well as livestock like cows, hens, and ducks. She emphasized her dedication to maintaining a chemical-free environment and the benefits of sustainable farming practices for both the land and the community.

The session highlighted the significant advantages of organic farming, including improved soil health and environmental protection. Mrs. Giridharan explained how her methods avoid harmful chemicals and how they contribute to a healthier ecosystem. She also discussed the potential of organic agriculture to address broader issues, such as unemployment, by encouraging entrepreneurial ventures in the farming sector.

The event was well-organized and effectively communicated the value of organic farming to the students. Mrs. Giridharan's insights provided practical knowledge and inspiration, encouraging students to consider careers in sustainable agriculture. The lecture was a valuable opportunity for students to learn about the impact of environmentally friendly practices and the potential for entrepreneurship in this field.
