Onset Date: 21st October 2021.

Offset Date: 2nd November 2021.

Timing:

- **Morning session - 10:00 to 13:00 hrs.**
- **Afternoon session - 14:00 to 17:00hrs.**

The operation of Medical Inspection and Identity Card photo capturing for the new admissions of I UG and I PG was carried throughout 21st October to 2nd November in distinguished sessions of both morning and afternoon.

Total of 23 Departments of 1,690 students from UG & PG and SF and Aided, were capacitated by 30 to 40 volunteers on duty each day.

Both the Hostellers and Student Cabinet worked hand in hand to bring out the constant strength for volunteering. The volunteers were strictly supervised under Standard Operating Procedures (SOPs) concerning the current situation of the pandemic. And were issued 'Volunteer' Badges prior to the day of work. Volunteers were also provided with refreshments (in both morning and evening) along with lunch, if given the token. At the end of each day, Volunteers' presence had been noted in order to give SP for their attendance.

Maximum of 3 departments containing an average of 150 entrants were assigned to come per day. The JX Miller block was allotted as a studio whereas The clinic was allotted for Medical inspection. The entrants were made to follow SOP and were thoroughly thermal examined and sanitized at the entrance of the campus. Then they were directed to either JX miller or Clinic as sorted. Some department students were instructed to obtain Tamil books on the same day of their allotment. Hence, The Tamil book distribution was also held in GJ auditorium on the days of respective instructed department allotment.

The entrants were commanded to bring their Aadhar card, Address proof and Blood group certificate with them. If failed, they have been ordered to mail the missing file to the DSS.

The last operating day - 2nd November's afternoon session was devoted to deal with absentees from various departments who failed to come on their allotted dates. The operation disclosed with some approximate of 60 absentees in total, which sums up to the accomplishment rate of 96.4% of this operation.
