INNOVATIVE TEACHING AND CLASSROOM ACTIVITIES

To enhance student engagement and participation, various activities and apps have been utilised, tailored to the nature of the subject.

- **Everyday Economics and Marketing Management** - Students created a budget for purchasing products aimed at attracting their peers and sold them at a profitable rate. Some students used the profits to pay their exam fees.

- **Macroeconomics** - The **Edpuzzle** app was used to post self-created videos, incorporating quizzes for students to complete while watching the videos.
- **Microeconomics** - The **Pear Deck** app was used to assess students' basic knowledge of the topic and gauge their interest in the subject. Various worksheets were used to identify the students' basic knowledge of the subject.
- **International Economics** - An online flashcard activity was employed to identify details of various nations' imports and exports.
- **Tamil Nadu Economy** - Students created questions using **online flashcards** for classroom activities.
- **Advanced Microeconomics** - An **online crossword puzzle** app was used for classroom activities as well as for continuous assessment.
- **Kahoot and Quizlet** have been used for classroom activities to attract students' attention and increase their engagement.
- A **mentimeter** was used to assess the students' subject knowledge and gather their ideas.
- The **round-robin chart** activity enabled the students to present their views and gather others' opinions as well.
- Additionally, **Moodle and Google Classroom** platforms were used to assign activities and work to students during both class and off-class hours.
