Report of the club program

The club program began with a word of prayer by Ms. Angel Ratchanya, a student of I MSW, followed by the welcome address and the introduction of theme by Ms. Maushmi of II B.A Psychology and Sociology. The theme of the program was: 'The Significance of Multidisciplinary approach'. The first was a discussion session moderated by Ms. Fathima Shifana of III B.A Psychology and Sociology. The conflicting ideas held by the learners and practitioners of the disciplines of Sociology and Psychology were discussed and debated upon. Then, to bridge the gap between the ideological differences of the learners of these two disciplines, a role play was performed by the I M.Sc Psychology and I MSW students, emphasizing the importance of adopting the Multidisciplinary approach in dealing with issues of individuals in the society. Finally, a poem was recited by Jency Clara of II M.Sc Psychology, reiterating the significance of working together as two specialized teams in fulfilling the purpose of service the society effectively. After that, a reorientation was given to the students of the department on SWAYAM courses by Dr. Anita Christine Tiphagne.

Then, a few announcements regarding the upcoming cultural competitions were made to the students by Ms. Ida Jeneffa, after which the program was brought to a closure by Ms. Jenisha of III B.A Psychology and Sociology by proposing the vote of thanks. Refreshments were served after the program ended. The students found it to be a meaningful program as it gave them a space to share their views and get ideas clarified.
