<b>Outcome of the Programme</b>	A workshop on Exploring e-content development tools and techniques was conducted as two sessions. In the first session , basic ideas on how to do a project proposal and video making were taught. In the second session, Tools used in making videos were taught and various project strategies like addie were explained. It was really an interactive and informative session. At the end of the program, a chart and video making activities were given to students based on the techniques taught in lecture.

A one day Workshop cum Training Program on the Topic "Exploring e-content development tools and techniques" was organized by the Department of Physics & Research Centre,Lady Doak College,Madurai on the 21st of January 2023.

The seminar was inaugurated at 9.30AM which was followed by the keynote session. The morning session was taken over by Dr. Shourini Banerjee, Assistant Professor, Department of Visual Communication, The American College, Madurai. She gave a clear nutshell and outline of what Content Creation is all about. She led the entire session in an interactive manner and the students were able to grasp things easier.Following this, there was a wonderful questionnaire session where the students interacted with the speaker clarifying their doubts and asking interesting questions.

The Forenoon session was carried out by Dr. D. Anitha, Assistant Professor, Department of Computer Science, Thiagarajar college of engineering, Madurai. Students learnt new methods and Creating E-tools like ADDIE, MERRILS etc. The seminar was very informative and provided the participants with enormous knowledge on various aspects of Video Creation & exploration, the recent advancements in technology. All the students enjoyed the entire session.
