Name of the Programme	"Acting is Believing "				
Programme for	School children	School teachers	<u>College teachers(Faculty of English)</u>	Parents	Public
About the Programme (within 150 words)	<p>Prof. Elango was the resource person. I PG & II PG students of the PG & Research Centre of English attended the programme. The programme began at 9.00 a.m. and continued till 1.00 p.m. The resource person taught the students the intricacies of acting, and emphasised the point that to act is to believe. He elaborately explained the ways of positioning the actors on stage, taught the students the art of reading between the lines, and made them visualise the scenes. He encouraged the students to perform on stage by dividing them into small groups. There were spontaneous performances too. The activity helped the students to step out of their comfort zone. The resource person gave clear-cut answers to the questions raised by the students regarding script writing and acting. The programme ended with feedback from the students.</p>
