

### Seminar on Friedrich Nietzsche's 'ECCE HOMO' and Narrative Autobiography

A seminar on 'Friedrich Nietzsche's *Ecce Homo* and Narrative Autobiography' was held on 12.10.2022. Dr. Amos Swaminthan, Researcher in Comparative and Religious Philosophy was the speaker. The resource person began the seminar by explaining that an autobiography is writing about one's self through oneself. He remarked that social media like Instagram and Facebook in today's context reveal a lot about an individual's life and there is a lot of narrative on Instagram as in an autobiography. His speech awakened the audience to the literary possibilities of social media.
